

Mohd Hayaat Ali

PRODUCT DESIGNER | UI/UX DESIGNER — 6+ YEARS

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Open to relocation and remote

Portfolio: [workofhayaat.framer.website](#)

PROFESSIONAL SUMMARY

Product and UI/UX designer with 6+ years across consumer apps, B2B platforms, and operational tooling. I have shipped in fintech and payments, healthcare, logistics and fleet operations, edtech, and marketplace search, in both Indian and UAE markets.

My work is measured. I rebuilt a 20-22 step ordering journey and took completion from 62% to 78%. I cut appointment booking from six steps to four, 71% to 83%, validated with a 5,000-user A/B test. I reduced payment transaction errors by 38%, and cut manual support input by 43% while improving ticket resolution by 57%.

I have built design systems from scratch three times, and I work end to end - research and flows through high-fidelity UI, prototyping and developer handoff.

Available for permanent or contract roles. Delhi NCR based, open to relocation and to fully remote work, with two years of prior remote experience.

CORE SKILLS

Product & UX: User research, usability testing, user flows, information architecture, wireframing, prototyping, interaction design, A/B testing, analytics-led iteration

UI & Systems: High-fidelity UI, design systems, Figma component libraries, tokens and documentation, responsive design, WCAG accessibility awareness, developer handoff

Domains: Fintech and payments, healthcare, logistics and fleet operations, edtech, marketplace and search, B2B SaaS, internal and operational tools

Tools: Figma, FigJam, Framer, Adobe XD, Miro, Photoshop, Illustrator

PROFESSIONAL EXPERIENCE

Creative Designer | Crevia

Delhi NCR, India | June 2026 - Present

- Deliver design across five client brands concurrently: web, product imagery, social content and campaign material.
- Designed and built a brand website end to end, covering responsive structure, product presentation and launch assets.

Product Designer | I-DOD

New Delhi, India | July 2025 - March 2026

- Designed onboarding, KYC verification, profile creation and matching journeys for an early-stage consumer platform.
- Built the design system from scratch with reusable components, interaction patterns, states and implementation-ready documentation.
- Worked directly with founders and engineers to turn ambiguous requirements into flows, prototypes and release decisions.

Product Designer | FuelBuddy

Gurgaon, India | July 2023 - June 2024

- Redesigned ordering from a 20-22 step journey into a focused flow, improving completion from 62% to 78%.
- Reduced payment transaction errors by 38% through wallet improvements, delegated access and configurable spend limits.
- Reduced manual support input by 43% and improved ticket handling and resolution by 57% via structured support workflows.
- Designed customer, fleet management, pilot and driver products across India and the UAE, spanning mobile, B2B web, analytics, maps, live tracking and asset management.
- Built the design system from scratch across consumer, B2B, franchise, field and operational products.

Product Designer | Uncover by Meddo

Gurgaon, India | March 2022 - May 2023

- Reduced appointment booking from six steps to four, improving completion from 71% to 83% over eight weeks.
- Redesigned doctor profiles, increasing profile views by 28% and appointment requests by 15% in a 5,000-user A/B test.
- Designed patient, doctor and back-office experiences across discovery, appointments, memberships, lab tests and digital records.
- Conducted usability testing with 12 patients and 8 doctors and translated findings into product and engineering priorities.
- Created Uncover's logo and brand foundation and carried the system into website and mobile.

UI Designer | AcadPlaza

Remote | June 2020 - March 2022

- Redesigned course catalog and search for a learning marketplace, increasing enrollments by 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes and component patterns with an eight-person team.
- Worked fully remote for two years across a distributed team.
