Portfolio: <https://workofhayaat.framer.website>

Creative designer with hands-on experience across graphics, video editing, website work, social content, product imagery, and brand/project support. I work best where taste, pacing, and polished visual execution matter: shaping edits, refining motion-friendly assets, editing podcast videos, and building launch-ready creative across web and social touchpoints.

Relevant Skills

Creative Tools: Adobe After Effects, Adobe Photoshop, Illustrator, Figma, Framer, Wix, Miro

Creative Work: video editing, podcast edits, social content, product imagery, website assets, campaign graphics, brand support, visual direction

Delivery Strengths: taste-driven composition, pacing, visual hierarchy, cross-brand consistency, deadline management, client-ready output

Professional Experience

Creative Designer | Crevia

Delhi NCR, India | Jun 2026 - Present

- Work spans graphics, video editing, website work, social media posts, product images, and brand/project support across multiple client brands.
- Building a Wix website for Mymy, a perfume brand, including visual direction, product presentation, and launch-ready assets.
- Editing podcast videos for an industry-focused project and refining product images for client-facing use.
- Support creative output across Mymy, Al Yamin, Klay Consultants, ATK shoe manufacturer, and other brand projects.

Product Designer | FuelBuddy

Gurgaon, India | Jul 2023 - Jun 2024

- Designed customer, FMS, pilot, driver, and franchise products across India and UAE, spanning mobile apps, web products, dashboards, maps, live tracking, and account controls.
- Built the FuelBuddy design system from scratch across consumer, B2B, franchise, field, and operational products with reusable components and implementation documentation.

Product Designer | Uncover by Meddo

Gurgaon, India | Mar 2022 - May 2023

- Designed patient, doctor, and back-office healthcare experiences across discovery, appointments, memberships, lab tests, digital records, and early ABHA integration interfaces.
- Created Uncover's logo and brand foundation, then carried the system into its website, mobile experience, and reusable UI patterns.
