

Mohd Hayaat Ali

LEAD PRODUCT DESIGNER | PRODUCT UX, SYSTEMS & SCALABLE INTERFACES

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Open to Gurugram opportunities

Portfolio: <https://workofhayaat.framer.website>

Lead Product Designer with 6+ years of experience designing responsive web and mobile products, scalable Figma systems, and implementation-ready interfaces. Strong in product thinking, user journeys, visual craft, and design-system execution, with a practical focus on simplifying complexity and working closely with product, engineering, and business teams.

Core Skills

Product and UX Design: User journeys, information architecture, wireframing, interaction design, responsive desktop and mobile UI, prototyping, usability testing, design thinking, stakeholder communication

Systems and Delivery: Figma, FigJam, Auto Layout, reusable components, variants, design systems, design QA, developer handoff, cross-functional collaboration, responsive specifications

Visual Product Work: Layout systems, typography, visual hierarchy, spacing, color, responsive composition, dashboard UI, content-heavy interfaces, UI cleanup and standardization

Product Collaboration: Founder collaboration, requirement shaping, iteration, release decision support, design reviews, implementation follow-through

Professional Experience

Creative Designer | Crevia

Delhi NCR, India | Jun 2026 - Present

- Create graphics, videos, social content, product imagery, website assets, and campaign material across multiple client brands and deadlines.
- Design and build responsive website experiences in Wix, covering page structure, product presentation, visual direction, and launch-ready assets.
- Edit podcast videos, product images, and campaign content while keeping visual systems consistent across web and social touchpoints.

Product Designer | I-DOD

New Delhi, India | Jul 2025 - Mar 2026

- Turned ambiguous founder and stakeholder requirements into user flows, wireframes, prototypes, high-fidelity interfaces, and release-ready product decisions.
- Built a reusable Figma design system from scratch with components, interaction patterns, states, and implementation-ready documentation.
- Designed onboarding, profile creation, and beta feedback journeys for an early-stage product.

Product Designer | FuelBuddy

Gurgaon, India | Jul 2023 - Jun 2024

- Redesigned diesel ordering from a 20-22 step journey into a focused location, quantity, schedule, and payment flow, improving completion from 62% to 78%.
- Reduced payment transaction errors by 38% through wallet improvements, delegated access, secondary-user controls, and configurable spend limits.
- Designed customer, business account, FMS, pilot, driver, and franchise experiences across India and UAE, spanning mobile apps, B2B web products, analytics, maps, live tracking, asset management, and account controls.
- Built the FuelBuddy design system from scratch across consumer, B2B, franchise, field, and operational products.
- Standardized repeated screens and operational states so teams could move faster while keeping the interface language consistent across modules.

Product Designer | Uncover by Meddo

Gurgaon, India | Mar 2022 - May 2023

- Reduced appointment booking from six steps to four, improving completion from 71% to 83% over eight weeks using analytics and user feedback.
- Redesigned doctor profiles, increasing profile views by 28% and appointment requests by 15% in a 5,000-user A/B test.
- Designed patient, doctor, and back-office experiences spanning discovery, appointments, lab tests, records, and early ABHA integration interfaces.
- Conducted usability testing with 12 patients and 8 doctors, translating findings into product and engineering priorities.

UI Designer | AcadPlaza

Remote | Jun 2020 - Mar 2022

- Redesigned course catalog and search for a learning marketplace, increasing enrollments by 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes, component patterns, and discovery journeys with an eight-person product, engineering, and content team.

Selected Work

- Portfolio: <https://workofhayaat.framer.website>
- Uncover / Meddo: healthcare product UX and design system work. <https://uncover.co.in/>
- FuelBuddy: customer, business, and operational product design across web and mobile. <https://app.fuelbuddy.in/>

- Kama Capital: multi-asset trading website and onboarding journeys. <https://kama-capital.com/>
- TS Logix Peru: logistics and warehousing web and internal tooling. <https://tslogixperu.com/>

Tools and Education
