

Mohd Hayaat Ali

UI/UX DESIGNER | WEB, MOBILE, DASHBOARDS & DESIGN SYSTEMS

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Open to Bangalore relocation / hybrid

Portfolio: <https://workofhayaat.framer.website>

UI/UX and Product Designer with 6+ years of experience building responsive web and mobile experiences, dashboards, portals, operational tools, and healthcare/fintech products. Hands-on across Figma, Photoshop, Illustrator, wireframes, prototypes, design systems, usability testing, and developer handoff, with a strong focus on clean visual design, typography, and practical delivery.

Core Skills

UX & Research: user research, usability testing, journey mapping, information architecture, wireframing, prototyping, interaction design, responsive design

UI & Visual Design: Figma, Photoshop, Illustrator, typography, color systems, layout, grid systems, premium visual polish, accessibility-aware interfaces

Delivery: design systems, Auto Layout, reusable components, developer handoff, design QA, product collaboration, stakeholder communication, cross-functional teamwork

Professional Experience

Product Designer | FuelBuddy

Gurgaon, India | Jul 2023 - Jun 2024

- Designed customer, FMS, pilot, driver, and franchise products across India and UAE, spanning mobile apps, dashboards, maps, live tracking, account controls, and operational workflows.
- Redesigned diesel ordering from a 20-22 step journey into a focused location, quantity, schedule, and payment flow, improving completion from 62% to 78%.
- Reduced payment transaction errors by 38% through wallet improvements, delegated access, secondary-user controls, and configurable spend limits.
- Built the FuelBuddy design system from scratch with reusable Figma components, states, patterns, and implementation-ready documentation.

Product Designer | Uncover by Meddo

Gurgaon, India | Mar 2022 - May 2023

- Designed patient, doctor, and back-office healthcare experiences across discovery, appointments, memberships, lab tests, digital records, and early ABHA integration interfaces.
- Reduced appointment booking from six steps to four, improving completion from 71% to 83% over eight weeks using analytics and user feedback.
- Conducted usability testing with 12 patients and 8 doctors, translating findings into product, design-system, and engineering priorities.
- Redesigned doctor profiles, increasing profile views by 28% and appointment requests by 15% in a 5,000-user A/B test.

Product Designer | I-DOD

New Delhi, India | Jul 2025 - Mar 2026

- Translated ambiguous founder requirements into user flows, wireframes, prototypes, high-fidelity interfaces, and practical release decisions with developers.
- Built a Figma design system from scratch with reusable components, Auto Layout patterns, states, and documentation.

Creative Designer | Crevia

Delhi NCR, India | Jun 2026 - Present

- Create brand-led website assets, product imagery, campaign material, graphics, and video with an emphasis on polished visual presentation and launch-ready execution.

UI Designer | AcadPlaza

Remote | Jun 2020 - Mar 2022

- Redesigned course catalog and search for a learning marketplace, increasing enrollments by 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes, component patterns, and discovery journeys with an eight-person product, engineering, and content team.
