

Mohd Hayaat Ali

UX DESIGNER | NATIVE MOBILE APPS, DESIGN SYSTEMS & PRODUCT UX

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Open to Hyderabad opportunities

Portfolio: <https://workofhayaat.framer.website>

UX/UI and Product Designer with 6+ years of experience designing native mobile app experiences, responsive digital products, and scalable design systems. Strong in user flows, wireframes, prototyping, mobile interaction patterns, and translating business requirements into polished, implementation-ready interfaces.

Core Skills

Mobile UX and Product Design: Native mobile app design, user journeys, information architecture, wireframing, interaction design, mobile interaction patterns, prototyping, usability testing

Systems and Delivery: Figma, FigJam, Auto Layout, reusable components, variants, design systems, design QA, developer handoff, cross-functional collaboration

Visual and Interface Design: Typography, spacing, color, visual hierarchy, layout systems, accessibility-aware UI, high-fidelity design, responsive specifications

Product Process: UX strategy, design process, stakeholder communication, requirement shaping, iteration, release support

Professional Experience

Creative Designer | Crevia

Delhi NCR, India | Jun 2026 - Present

- Create graphics, videos, social content, product imagery, website assets, and campaign material across multiple client brands and deadlines.
- Design and build responsive website experiences in Wix, covering page structure, product presentation, visual direction, and launch-ready assets.
- Edit podcast videos, product images, and campaign content while keeping visual systems consistent across web and social touchpoints.

Product Designer | I-DOD

New Delhi, India | Jul 2025 - Mar 2026

- Turned ambiguous founder and stakeholder requirements into user flows, wireframes, prototypes, high-fidelity interfaces, and release-ready product decisions.
- Built a reusable Figma design system from scratch with components, interaction patterns, states, and implementation-ready documentation.
- Designed onboarding, profile creation, and beta feedback journeys for an early-stage product.

Product Designer | FuelBuddy

Gurgaon, India | Jul 2023 - Jun 2024

- Redesigned diesel ordering from a 20-22 step journey into a focused location, quantity, schedule, and payment flow, improving completion from 62% to 78%.
- Reduced payment transaction errors by 38% through wallet improvements, delegated access, secondary-user controls, and configurable spend limits.
- Designed customer, business account, FMS, pilot, driver, and franchise experiences across India and UAE, spanning mobile apps, B2B web products, analytics, maps, live tracking, asset management, and account controls.
- Built the FuelBuddy design system from scratch across consumer, B2B, franchise, field, and operational products.
- Standardized repeated screens and operational states so teams could move faster while keeping the interface language consistent across modules.

Product Designer | Uncover by Meddo

Gurgaon, India | Mar 2022 - May 2023

- Reduced appointment booking from six steps to four, improving completion from 71% to 83% over eight weeks using analytics and user feedback.
- Redesigned doctor profiles, increasing profile views by 28% and appointment requests by 15% in a 5,000-user A/B test.
- Designed patient, doctor, and back-office experiences spanning discovery, appointments, lab tests, records, and early ABHA integration interfaces.
- Conducted usability testing with 12 patients and 8 doctors, translating findings into product and engineering priorities.

UI Designer | AcadPlaza

Remote | Jun 2020 - Mar 2022

- Redesigned course catalog and search for a learning marketplace, increasing enrollments by 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes, component patterns, and discovery journeys with an eight-person product, engineering, and content team.
