

Mohd Hayaat Ali

UX DESIGNER | HEALTHCARE, PRODUCT DESIGN AND DESIGN SYSTEMS

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Open to Bangalore hybrid / relocation discussion

Portfolio: <https://workofhayaat.framer.website>

UX/UI and Product Designer with 6+ years of experience designing healthcare journeys, mobile apps, B2B SaaS platforms, internal tools, service workflows, and scalable Figma design systems. Strong fit for Laerdal's Bangalore UX roles through hands-on experience in user-centered healthcare products, usability testing, design facilitation, wireframing, prototyping, responsive UI, accessibility-aware decisions, and product-engineering collaboration.

Core Skills

Healthcare and User Research: Healthcare UX, patient and doctor journeys, appointment booking, digital records, lab-test flows, usability testing, qualitative feedback, A/B testing, journey mapping, persona-driven design, accessibility-aware UX

Product and Interaction Design: Information architecture, user flows, wireframes, responsive desktop and mobile UI, interaction design, prototyping, visual design, service workflow simplification, product discovery

Systems and Delivery: Figma, FigJam, Auto Layout, reusable components, design systems, design QA, developer handoff, product owner collaboration, stakeholder presentations, user story refinement

Professional Experience

Creative Designer | Crevia

Delhi NCR, India | Jun 2026 - Present

- Deliver website assets, product imagery, campaign material, social content, graphics, and video across multiple client brands while balancing parallel creative requirements.
- Design and build responsive website experiences in Wix, covering page structure, product presentation, visual direction, and launch-ready assets.

Product Designer | I-DOD

New Delhi, India | Jul 2025 - Mar 2026

- Turned ambiguous founder and stakeholder requirements into user flows, wireframes, prototypes, high-fidelity interfaces, and release-ready product decisions.
- Built a reusable Figma design system from scratch with components, interaction patterns, states, and implementation-ready documentation.

Product Designer | FuelBuddy

Gurgaon, India | Jul 2023 - Jun 2024

- Designed customer, FMS, pilot, driver, and franchise products across India and UAE, spanning mobile apps, B2B web platforms, analytics, maps, live tracking, asset management, field workflows, and account controls.
- Redesigned diesel ordering from a 20-22 step journey into a focused location, quantity, schedule, and payment flow, improving completion from 62% to 78%.
- Reduced payment transaction errors by 38% through wallet UX improvements, delegated access, secondary-user controls, and configurable spend limits.
- Reduced manual support input by 43% and improved ticket handling and resolution by 57% through clearer support and ticketing workflows.
- Built scalable Figma design-system foundations across consumer, B2B, franchise, field, and operational products with reusable components and developer-ready documentation.

Product Designer | Uncover by Meddo

Gurgaon, India | Mar 2022 - May 2023

- Designed patient, doctor, and back-office healthcare experiences across discovery, appointment booking, healthcare memberships, lab tests, digital records, and early ABHA integration interfaces.
- Reduced appointment booking from six steps to four, improving completion from 71% to 83% over eight weeks using analytics and patient feedback.
- Redesigned doctor profiles, increasing profile views by 28% and appointment requests by 15% in a 5,000-user A/B test.
- Conducted usability testing with 12 patients and 8 doctors, translating findings into UX, design-system, and engineering priorities.

UI Designer | AcadPlaza

Remote | Jun 2020 - Mar 2022

- Redesigned course catalog and search for a learning marketplace, increasing enrollments by 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes, component patterns, and discovery journeys with an eight-person product, engineering, and content team.
