

Mohd Hayaat Ali

UI/UX DESIGNER | USABILITY, HIGH-FIDELITY AESTHETICS & CLIENT COLLABORATION

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR / Mumbai, India | Remote, Full-Time (IST)

Portfolio: workofhayaat.framer.website

PROFESSIONAL SUMMARY

UI/UX Designer with 6+ years of experience delivering functional, aesthetically refined digital products across consumer apps, B2B platforms, healthcare, and fintech. Strong focus on bridging deep usability with high-craft visual design—translating complex client requirements into intuitive, polished interfaces. Proven record in client-facing roles: presenting design decisions directly to founders and enterprise stakeholders, conducting discovery, and shaping product direction. Fully available for a dedicated 6-month remote engagement.

CORE EXPERTISE

- **Product & UX Design:** Information architecture, user flows, wireframing, edge-case mapping, interactive prototyping, and usability testing.
- **Visual Design & Aesthetics:** High-fidelity UI, typography hierarchy, responsive layouts, micro-interactions, and visual polish balancing beauty with conversion.
- **Design Systems & Scalability:** Building comprehensive tokenized design systems from scratch in Figma (Auto Layout, variants, documentation for dev handoff).
- **Client Communication & Discovery:** Conducting stakeholder discovery, distilling ambiguous briefs, presenting design rationale clearly, and leading project direction.

PROFESSIONAL EXPERIENCE

Creative & UI/UX Designer | Crevia

Jun 2026 – Present | Remote / Mumbai

- Lead UI/UX design and brand visual systems across 4 distinct client accounts (Mymy, Al Yamin, Klay Consultants, ATK Designs) simultaneously.
- Work directly with client founders to define requirements, presenting weekly design iterations and shaping digital launch roadmaps.
- Delivered responsive web experiences and optimized conversion journeys with rapid 48-hour turnarounds.

Product Designer | I-DOD

Jul 2025 – Mar 2026 | New Delhi, India

- Partnered directly with founders to conceptualize onboarding, verification, and talent discovery workflows from ambiguous briefs.
- Built the entire component library and design system in Figma, establishing reusable UI patterns and responsive states for development teams.

Product Designer | FuelBuddy

Jul 2023 – Jun 2024 | Gurgaon, India

- Redesigned on-demand ordering experience from a 22-step flow down to a streamlined 4-step journey, increasing conversion from 62% to 78%.
- Designed consumer mobile applications, B2B fleet portals, and tracking dashboards across India and UAE markets.
- Built and maintained multi-platform design systems ensuring visual and functional consistency across web and mobile surfaces.

Product Designer | Uncover by Meddo

Mar 2022 – May 2023 | Gurgaon, India

- Streamlined clinical appointment booking flow, elevating booking completion rate from 71% to 83%.
- Redesigned practitioner profile discovery: increased profile views by 28% and appointment requests by 15% in live user testing.
- Conducted user testing with 20+ patients and doctors, translating usability findings into refined UI layouts and interaction states.

UI Designer | AcadPlaza

Jun 2020 – Mar 2022 | Remote

- Redesigned discovery catalog and checkout workflows for an educational marketplace, lifting enrollments 18% quarter over quarter.

SELECTED LIVE CLIENT WORK

- **FuelBuddy (Web & App):** app.fuelbuddy.in (and fuelbuddy.ae)
- **Uncover Healthcare:** uncover.co.in
- **Vgen23 Genomics Platform:** vgen23.com
- **Maximor AI Finance Automation:** www.maximor.ai/cfo-offer-all
- **Kama Capital Trading Broker:** kama-capital.com

WHAT I BRING TO SILVER FERN DIGITAL

- **Balanced Craft:** Equal mastery over interaction logic (UX) and visual elegance (UI) without relying on generic dashboard or marketing templates.
- **Client-Facing Confidence:** Fluent English communicator comfortable explaining the "why" behind design decisions and collaborating with global clients.
- **Independent & Fast:** Capable of owning projects from initial wireframes to pixel-perfect Figma specs and dev handoff with minimal oversight.

TOOLS & EDUCATION

- **Design Tools:** Figma, FigJam, Framer, Auto Layout, Component Variants, Design Tokens, Usability Testing, Information Architecture.
- **Education:** BBA (Bachelor of Business Administration) — Sam Higginbottom University of Agriculture, Technology and Sciences (SHUATS) | 2017 – 2020
