Bling Ping

Mumbai, India

Subject: Application for Post-Production Lead

Dear Bling Ping Team,

I am writing to formally apply for the **Post-Production Lead** position at Bling Ping in Mumbai. With 5+ years of commercial post-production experience spanning commercial campaigns, music videos, and multi-stream digital content, I specialize in building disciplined editing workflows, enforcing rigorous quality control, and ensuring fast turnaround on high-volume deliverables.

Currently operating as a Creative Designer and Post-Production Lead, I supervise full post-production pipelines from raw ingestion and multi-cam synchronization to final grade, sound mix, and multi-format delivery. Key highlights of what I manage and deliver include:

- **End-to-End Workflow Management:** Structured post-production pipelines across 5+ active client brands at Crevia, reducing standard project turnaround from 5 days to 48 hours with zero QA defects.
- **Commercial & High-Impact Content:** Cut, graded, and finished ad campaigns for brands like Red Bull, Monster Energy, Hero, and Suzuki, including campaigns that generated 10,00,000+ views.
- **Strict Quality Assurance:** Enforcing flawless color grading (DaVinci Resolve), audio mastering, and aspect-ratio specific framing (16:9, 9:16 reels) before client delivery.
- **Turnaround & Artist Reels:** Delivered same-night festival and concert edits for 100+ national and international artists across premier institutional stages (IITs, IIMs, DU).

I am currently based in Mumbai, equipped with my own dedicated high-performance editing and grading workstation, and available to take full ownership of your post-production pipeline immediately.

My complete resume is attached, and you can view my showreel and portfolio at the links above. I would welcome the opportunity to discuss how I can elevate and streamline Bling Ping's post-production operations.

Sincerely,

Mohd Hayaat Ali
