

Mohd Hayaat Ali

FREELANCE UI/UX DESIGNER | WEB APPLICATIONS & COMPLEX SYSTEMS

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Remote / project-based
Portfolio: workofhayaat.framer.website

Professional Summary

UI/UX designer with 6+ years designing web applications, dashboards, and operational tools. Most of my work has been dense, data-heavy B2B and internal systems - fleet management, ordering and billing flows, and admin consoles - which is the same problem space as accounting and ERP software. I work in Figma, build reusable component libraries, and take a project from wireframe through prototype to developer handoff. Comfortable running a project-based engagement remotely.

Core Skills

UI/UX: Wireframing, user flows, information architecture, interaction design, high-fidelity UI, prototyping, usability testing

Web Applications: Dashboards, data tables, complex forms, multi-step workflows, role-based views, admin and operations consoles

Systems: Design systems, Figma component libraries, tokens and style guides, responsive and accessibility (WCAG) awareness

Tools: Figma, FigJam, Framer, Adobe XD, Miro, Photoshop, Illustrator

Experience

Product Designer | I-DOD

New Delhi, India | July 2025 - March 2026

- Built a reusable Figma design system and visual language from scratch.
- Designed interfaces from wireframes through high-fidelity UI and developer handoff.

Product Designer | FuelBuddy

Gurgaon, India | July 2023 - June 2024

- Designed consumer, B2B, and operational web products across India and the UAE, including fleet management and ordering/billing workflows.
- Built the design system and style guide from scratch.
- Rebuilt a 20-22 step ordering journey into a focused flow, improving completion from 62% to 78%.

Product Designer | Uncover by Meddo

Gurgaon, India | March 2022 - May 2023

- Cut booking from six steps to four (completion 71% to 83%) and ran a 5,000-user A/B test.
- Created Uncover's logo, brand foundation, and identity, then carried it into website and app.

UI Designer | AcadPlaza

Remote | June 2020 - March 2022

- Designed responsive web and mobile interfaces and reusable component patterns, fully remote.
