PROFESSIONAL SUMMARY

Visual designer with 6+ years of creative production experience and advanced, daily-driver proficiency across the Adobe Creative Suite - Photoshop, Illustrator, After Effects, Premiere Pro, and Lightroom. Comfortable moving between print and digital mediums on the same brief: brand visuals, product photography/retouching, social and web assets, and edited video, often across several client brands in parallel on studio-style turnaround cycles. Currently designing and editing across multiple brands at Crevia, with 10+ years of hands-on photography and video-editing craft underneath the design work. Available to join immediately.
