PROFESSIONAL SUMMARY

10+ years shooting and cutting content in real, unscripted environments - festival crowds, concerts, weddings, forty strangers on a trip that wasn't planned to go the way it did. I don't need a controlled set to get a good frame; I need to be paying attention. I also design graphics and brand visuals, so I can cover the social/content side beyond just video if that's useful.

CORE SKILLS

Videography: Live, on-location shooting, run-and-gun style, capturing real moments as they happen

Editing: Premiere Pro, DaVinci Resolve, After Effects, CapCut, story-first pacing, fast turnaround

Graphic Design: Social content, brand visuals, campaign assets, layout

Photography: Event, travel-adjacent, and portrait work since 2016
