Professional Summary

Creative designer with 6+ years across visual design, motion, and video, now working hands-on with AI-assisted creative workflows. My current role spans video editing, motion, product imagery, and multi-brand content on fast cycles, and I use AI tools for rapid concept exploration and iteration. I translate ideas into engaging visual content and care about storytelling, pacing, and finish.

Core Skills

Motion & Video: Video editing, podcast editing, motion graphics, visual storytelling, pacing, sound-aware editing, After Effects, Rive

AI-Assisted Creative: AI design and video tools, prompt-assisted ideation, rapid concept exploration, iteration, translating ideas into content

Visual & Brand: Brand and social creative, product imagery, layout, typography, color, responsive web visuals

Tools: Adobe Photoshop, Illustrator, After Effects, Rive, Figma, Framer, Wix

Professional Experience

Creative Designer | Crevia

Delhi NCR, India | June 2026 - Present

- Edit videos and podcast content, create motion and social graphics, and produce product imagery across multiple client brands including Mymy, Al Yamin, Klay Consultants, and ATK.
- Use AI-assisted workflows for faster concept exploration and iteration while keeping visual quality and brand consistency.
- Build responsive website assets in Wix and maintain a consistent look across web and social.

Product Designer | I-DOD
