

Mohd Hayaat Ali

UI/UX DESIGNER | RESPONSIVE WEB & MOBILE, DESIGN SYSTEMS, COMPLEX WORKFLOWS

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Open to relocating to Dubai

Portfolio: workofhayaat.framer.website

Professional Summary

UI/UX Designer with 6+ years designing responsive web and mobile products, operational dashboards, and public-facing digital experiences. I work from user research and requirements through user flows, wireframes, interactive prototypes, high-fidelity UI, and developer handoff, with attention to accessibility and usability. I have shipped products across India and the UAE, including FuelBuddy's UAE B2B platform, and I am used to presenting and defending design decisions to product managers, engineers, and stakeholders.

Core Skills

UI/UX Design: User-centered design, user research, requirement gathering, user flows, information architecture, journey mapping, wireframing, interaction design, high-fidelity UI, mockups

Prototyping & Tools: Figma, FigJam, Adobe XD, interactive prototypes, usability testing, iterative refinement from user feedback

Responsive & Accessible: Responsive web and mobile design, mobile-first layouts, accessibility (WCAG) awareness, usability principles, design QA

Systems & Delivery: Design systems, component libraries, style guides, developer handoff, cross-functional collaboration with product managers and engineers, stakeholder and leadership presentation

Professional Experience

Creative Designer | Crevia

Delhi NCR, India | June 2026 - Present

- Design responsive website experiences and brand visuals across multiple client brands on fast delivery cycles.
- Build responsive web layouts in Wix, covering page structure, content presentation, and launch-ready assets.
- Maintain consistent visual systems across web and social touchpoints.

Product Designer | I-DOD

New Delhi, India | July 2025 - March 2026

- Translated requirements into user flows, wireframes, interactive prototypes, and high-fidelity interfaces for a mobile-first product.
- Built a reusable Figma design system from scratch with components, states, and documentation.
- Worked directly with engineers on scoping, handoff, and release decisions.

Product Designer | FuelBuddy

Gurgaon, India | July 2023 - June 2024

- Designed customer, business, and operational experiences across India and the UAE, including the FuelBuddy UAE B2B web platform spanning onboarding, dashboards, analytics, maps, live tracking, and asset management.
- Redesigned a 20-22 step ordering journey into a focused responsive flow, improving completion from 62% to 78%.
- Reduced transaction errors by 38% through wallet, delegated-access, and spend-limit UX.
- Built the FuelBuddy design system and style guide from scratch, keeping consumer, B2B, and operational products consistent.
- Presented design rationale to product, engineering, and business stakeholders, balancing user needs against technical constraints.

Product Designer | Uncover by Meddo

Gurgaon, India | March 2022 - May 2023

- Reduced appointment booking from six steps to four, improving completion from 71% to 83% using analytics and user feedback.
- Redesigned profile pages, increasing views 28% and requests 15% in a 5,000-user A/B test.
- Conducted usability testing with 12 patients and 8 doctors, translating findings into product and design-system priorities.
- Designed responsive patient, doctor, and back-office journeys across mobile and web.

UI Designer | AcadPlaza

Remote | June 2020 - March 2022

- Redesigned catalog and search for a learning platform, increasing enrollments 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes, and reusable component patterns with a cross-functional team.
