

Mohd Hayaat Ali

GRAPHIC & UI/UX DESIGNER

mohdhayaat1@outlook.com • +91-7905194153 • Delhi NCR, India (Remote Ready)

Portfolio: workofhayaat.framer.website

PROFESSIONAL SUMMARY

Multidisciplinary Graphic & UI/UX Designer with 6+ years of experience crafting high-impact visual identities, intuitive digital product interfaces, and AI-accelerated creative workflows. Bridges the gap between experiential visual storytelling and structured product design—translating complex requirements into engaging digital interfaces, high-converting brand visuals, and interactive touchpoints. Deep practical mastery of generative AI tools (Midjourney, Recraft, Claude) to accelerate visual exploration while maintaining rigorous standards in typography, layout, color theory, and human-centric usability.

CORE SKILLS

- **UI/UX & Product Design:** Wireframing, High-Fidelity UI, Interactive Prototyping, Scalable Design Systems, Web & Mobile Interface Design, Usability & Conversion Optimization.
- **Graphic & Experiential Design:** Brand Identity Systems, Digital Campaign Creatives, Performance Marketing Visuals, Social Media Graphics, Event & Experiential Collateral.
- **AI-Accelerated Workflows:** Midjourney, Recraft, Generative Fill, Image-to-Image Concept Exploration, Rapid Direction Prototyping, Visual Compositing.
- **Tools & Software:** Figma, Adobe Photoshop, Illustrator, Premiere Pro, After Effects, DaVinci Resolve, Framer, Wix.

PROFESSIONAL EXPERIENCE

Crevia — Creative & Visual Designer

June 2026 – Present | Delhi NCR

- Led visual design, UI assets, and creative production across multiple D2C and consumer wellness brands, balancing rapid concept iteration with tight brand consistency.
- Integrated generative AI tools (Midjourney, Recraft, Claude) into daily ideation, producing 4–5 distinct aesthetic directions in hours and accelerating conceptual velocity.
- Designed 200+ high-converting digital product visuals across a 35-SKU catalog for e-commerce and direct storefronts.
- Created digital ad creatives and video motion assets generating 10,00,000+ (10 Lakh+) campaign views for new brand rollouts.

Foldr / Independent — UI/UX & Visual Designer

2022 – Present | Delhi NCR

- Designed end-to-end web UI/UX interfaces and brand identity systems for AI, fintech, healthtech, and logistics startups across India, the US, and Latin America.
- Architected the web experience and visual narrative for Maximor AI (finance automation platform), creating custom UI components, interactive charts, and high-conversion landing pages.
- Built digital product UI and visual assets for international clients including TS Logix Peru, Kama Capital, and Vgen23, aligning interfaces with regional market standards.
- Structured comprehensive Figma component libraries, responsive grids, and design tokens to streamline engineering handoff.

FuelBuddy — Product & Visual Experience Designer

2020 – 2024 | Delhi NCR

- Owned end-to-end UI/UX and visual touchpoints across mobile (Android/iOS) and web applications serving 50,000+ business clients and 1,00,000+ active platform users in India and UAE.
- Built and maintained the organization's foundational design system in Figma from scratch, unifying component standards and accelerating cross-functional delivery by ~30%.
- Designed user onboarding, ordering, and dispatch tracking flows that increased task completion and reduced drop-off across consumer and enterprise touchpoints.

Meddo Health / Uncover — UI/UX & Brand Designer

2019 – 2022 | Delhi NCR

- Redesigned core patient consultation and booking digital flows, directly lifting appointment booking conversion from 71% to 83%.
- Spearheaded the visual identity and UI design transformation during Meddo's brand evolution into Uncover (clinical wellness & dermatology).
- Created digital campaign assets and interactive patient-facing screens establishing a coherent omnichannel brand presence.
