Professional Experience

Creative Designer | Crevia

Delhi NCR, India | Jun 2026 - Present

- Create graphics, videos, social content, product imagery, website assets, and campaign material across multiple client brands and fast deadlines.
- Design and build responsive website experiences in Wix, covering page structure, product presentation, visual direction, brand consistency, and launch-ready assets.
- Edit podcast videos, product images, and campaign content while keeping visual systems consistent across web, social, and marketing touchpoints.

Product Designer | I-DOD

New Delhi, India | Jul 2025 - Mar 2026

- Translated ambiguous founder and stakeholder requirements into user flows, wireframes, prototypes, high-fidelity interfaces, and practical release decisions.
- Built a reusable Figma design system from scratch with components, interaction patterns, states, and implementation-ready documentation.
- Designed onboarding, profile creation, verification, matching, and beta feedback journeys for an early-stage product.
- Collaborated with stakeholders and developers to clarify requirements, refine flows, and prepare screens for implementation.

Product Designer | FuelBuddy

Gurgaon, India | Jul 2023 - Jun 2024

- Designed customer, business account, FMS, pilot, driver, and franchise experiences across India and UAE, spanning mobile apps, B2B web products, dashboards, analytics, maps, live tracking, asset management, and account controls.
- Redesigned diesel ordering from a 20-22 step journey into a focused location, quantity, schedule, and payment flow, improving completion from 62% to 78%.
- Reduced payment transaction errors by 38% through wallet improvements, delegated access, secondary-user controls, and configurable spend limits.
- Built the FuelBuddy design system from scratch across consumer, B2B, franchise, field, and operational products.
- Replaced spreadsheet-heavy operational patterns with structured workflows for drivers, trucks, routes, shifts, delivery planning, corrections, reporting, and live operations.

Product Designer | Uncover by Meddo

Gurgaon, India | Mar 2022 - May 2023

- Reduced appointment booking from six steps to four, improving completion from 71% to 83% over eight weeks using analytics and user feedback.
- Redesigned doctor profiles, increasing profile views by 28% and appointment requests by 15% in a 5,000-user A/B test.
- Designed patient, doctor, and back-office experiences spanning discovery, appointments, lab tests, records, and early ABHA integration interfaces.
- Conducted usability testing with 12 patients and 8 doctors, translating findings into product, design-system, and engineering priorities.

UI Designer | AcadPlaza

Remote | Jun 2020 - Mar 2022

- Redesigned course catalog and search for a learning marketplace, increasing enrollments by 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes, reusable components, and discovery journeys with an eight-person product, engineering, and content team.
