

Mohd Hayaat Ali

UI/UX DESIGNER | SAAS, WEB/MOBILE, FIGMA SYSTEMS & PRODUCT UX

mohdhayaat1@outlook.com | +91-7905194153 | Delhi NCR, India | Open to Bangalore WFO discussion

Portfolio: <https://workofhayaat.framer.website>

UI/UX Designer with 6+ years of experience designing intuitive web and mobile products, SaaS-style workflows, dashboards, responsive interfaces, user flows, wireframes, high-fidelity UI, prototypes, and scalable Figma design systems. Strong in UX principles, visual design, typography, color, accessibility awareness, usability testing, stakeholder collaboration, and developer handoff. Experienced working with product managers, founders, developers, business teams, and clients across healthcare, logistics, fintech-adjacent products, education/learning, B2B platforms, internal tools, and customer-facing apps.

Core Skills

UX and Product Design: User research, journey mapping, information architecture, user flows, wireframes, prototypes, high-fidelity UI, usability testing, product iteration, stakeholder feedback

UI and Visual Design: Responsive web design, mobile app design, typography, color theory, layout, spacing, accessibility awareness, visual hierarchy, interaction design

Design Systems: Figma, FigJam, Auto Layout, components, variants, UI states, reusable patterns, design-system documentation, consistency governance, design QA

SaaS / Product Workflows: Dashboards, B2B portals, onboarding, account controls, analytics surfaces, operational workflows, marketplace/search flows, internal tools

Tools and Handoff: Figma, Adobe XD, Photoshop, Illustrator, Framer, Wix, Rive, Miro, Google Analytics, Hotjar, developer handoff, HTML/CSS collaboration basics

Professional Experience

Creative Designer | Crevia

Delhi NCR, India | Jun 2026 - Present

- Create graphics, videos, social content, product imagery, website assets, and campaign material across multiple client brands and fast deadlines.
- Design and build responsive website experiences in Wix, covering page structure, product presentation, visual direction, brand consistency, and launch-ready assets.
- Edit podcast videos, product images, and campaign content while keeping visual systems consistent across web, social, and marketing touchpoints.

Product Designer | I-DOD

New Delhi, India | Jul 2025 - Mar 2026

- Translated ambiguous founder and stakeholder requirements into user flows, wireframes, prototypes, high-fidelity interfaces, and practical release decisions.
- Built a reusable Figma design system from scratch with components, interaction patterns, UI states, and implementation-ready documentation.
- Designed onboarding, profile creation, verification, matching, and beta feedback journeys for an early-stage product.
- Collaborated with stakeholders and developers to clarify requirements, refine flows, and prepare screens for implementation.

Product Designer | FuelBuddy

Gurgaon, India | Jul 2023 - Jun 2024

- Designed customer, business account, FMS, pilot, driver, and franchise experiences across India and UAE, spanning mobile apps, B2B web products, dashboards, analytics, maps, live tracking, asset management, and account controls.
- Redesigned diesel ordering from a 20-22 step journey into a focused location, quantity, schedule, and payment flow, improving completion from 62% to 78%.
- Reduced payment transaction errors by 38% through wallet improvements, delegated access, secondary-user controls, and configurable spend limits.
- Built the FuelBuddy design system from scratch across consumer, B2B, franchise, field, and operational products.
- Replaced spreadsheet-heavy operational patterns with structured workflows for drivers, trucks, routes, shifts, delivery planning, corrections, reporting, and live operations.

Product Designer | Uncover by Meddo

Gurgaon, India | Mar 2022 - May 2023

- Reduced appointment booking from six steps to four, improving completion from 71% to 83% over eight weeks using analytics and user feedback.
- Redesigned doctor profiles, increasing profile views by 28% and appointment requests by 15% in a 5,000-user A/B test.
- Designed patient, doctor, and back-office experiences spanning discovery, appointments, lab tests, records, and early ABHA integration interfaces.
- Conducted usability testing with 12 patients and 8 doctors, translating findings into product, design-system, and engineering priorities.

UI Designer | AcadPlaza

Remote | Jun 2020 - Mar 2022

- Redesigned course catalog and search for a learning marketplace, increasing enrollments by 18% quarter over quarter.
- Created responsive web and mobile interfaces, wireframes, reusable components, discovery journeys, and visual UI patterns with an eight-person product, engineering, and content team.
